Class Photo

2011 Honor Guard Clinic

PHOTOGRAPHY

In 2011 the clinic added a professional photographer to its staff. Our photographer will be on-site each day to take photos of the clinic and to record HD Video, which will be used to create a 2012 Honor Guard Video.

Our photographer will make every attempt to accommodate special requests for photos and video footage as long as it is approved by the Commanders/Instructors and does not create a distraction.

Photos and the Clinic Video will be available at a small cost approximately 4 to 6 weeks after the clinic.

ENTERTAINMENT

This year there will be some form of entertainment each evening.

The first night's entertainment will be determined in the near future. In 2011 we spent the evening at a local comedy club. There may be additional nominal costs associated with the evening entertainment.

The second night's entertainment will be the Milwaukee Brewers Vs. Minnesota Twins at Miller Park after posting the colors. The cost of one ticket is included in the Clinic's cost, if you would like additional tickets please contact Lt. Jones.

REGISTRATION INFORMATION

Please e-mail clinic participant information to include agency name, department info along with full name and rank of each member attending to.

Lieutenant Brent Jones
MFDHonorGuard@milwaukee.gov

No later than April 30th 2012. Payment will be due on May 17th at registration.

COMMANDER'S MESSAGE

This year marks seven years that we have been providing instruction for honor guard units from across the United States through this clinic. We along with our instructors are looking forward to meeting members of units new to the clinic as well as catching up with members and old friends who attended previous clinics.

Honor Guards from all of the protective services are invited to attend this year's clinic. We have experienced instructors that provide both classroom and practical hands-on training geared towards both newly formed honor guard units that are looking for basic commands, facing movements, posting and recovering colors and guards and flag folding and handling, or well-established units that have years of precision experience. Additionally our expert instructors offer instruction at the Commander level to guide Unit Commanders through advanced planning and command procedures. There is something for everybody, so don't miss out! We hope to see you at this year's clinic!

Best Regards,

Brent Jones Matt Bryant Scott Ziegler Keven Stelzel Chris Campbell
